The tree care profession has **experienced rapid growth** over the past decade and there is a significant amount of knowledge required to **perform at the highest level**. International Society of Arboriculture (ISA) credentials help consumers identify qualified, knowledgeable tree care professionals.<sup>1</sup>

This course will help prepare professional arborists to take the **ISA Certified Arborist examination**. Others are invited to attend to gain a better understanding of the benefits of trees and develop their tree ID and tree care skills.

**Topics include:** Tree Biology, Identification, Water Management, Tree Nutrition, Tree Selection and Pruning, Plant Health Care, Tree Assessment, Trees and Construction, Urban Forestry, & more!
